

TRIBUTE PAID SAILORS KILLED AT VERA CRUZ

New York.—Nation and city paid tribute in silence Sunday to the 17 men who gave their lives in the occupation of Vera Cruz. Bearing the bodies of the bluejackets and marines, the armored cruiser Montana, escorted by the presidential yacht Mayflower, having aboard the secretary of the navy, reached port early Sunday morning and conveyed by the superdreadnought Wyoming, steamed up the harbor shortly before noon.

The bodies were brought ashore shortly before 8 o'clock Monday morning and placed on caissons for the procession up Broadway to City Hall for a brief ceremony there and on across the Manhattan bridge to the navy yard for the services. President Wilson reached the city from Washington at 7:15 Monday and delivered the memorial address at the navy yard.

"The feeling that is uppermost," he said, "is one of profound grief, and yet there is mixed with that grief a profound pride that they should have gone as they did, and if I may say it out of my heart, a touch of envy of those who were permitted so quietly, so nobly to do their duty."

The head of the nation looked over the thousands massed about the coffins on the parade grounds, and his voice shook with emotion as he declared his creed: "We have gone down to Mexico," he said, "to serve mankind if we can find out a way. We do not want to fight the Mexicans. We want to serve them."

State Road Aid is Decided by Board. Salem, Or.—That only counties which provide substantial funds with which to build permanent roads will be aided from the state highway fund was the decision reached by the state highway commission. In further outlining its policy the commission announced that only permanent thoroughfares would be built with the state highway fund.

"CEREAL KING" IS DEAD

Charles W. Post, of Battle Creek, Mich., Commits Suicide.

Santa Barbara, Cal.—C. W. Post, multi-millionaire cereal king of Battle Creek, Mich., committed suicide at his winter residence here by shooting himself through the head with a rifle. Mr. Post had been convalescing. It was thought, from a prolonged illness. He excused himself from the attending nurse, against her protest, by saying he wished to lie down and to be alone and quiet. He went to his apartment and in a moment a shot was heard. He had placed the muzzle of a rifle in his mouth and touched the trigger with his toe. The top of his head was blown off.

Storm Kills Four in Central West.

Chicago.—Four lives were lost and great property damage done by a storm which was especially severe in Iowa, southern Wisconsin, northern Illinois, and which continued east, impairing telegraph and telephone service.

In Dane county, Wisconsin, many persons were hurt. Crops and barns suffered heavily.

IDAHO BUILDING IS READY

Pavilion at Panama Exposition is Dedicated at San Francisco.

Boise.—The Idaho pavilion, first of the state buildings in the Panama-Pacific Exposition to be completed, has been dedicated at San Francisco. Words of praise and friendship were exchanged between the representatives of California and Idaho.

Major Fred R. Reed, executive commissioner from Idaho to the exposition, made the chief address, saying:

"To Governor Haines is due the credit for the Idaho building's being the first completed. All the products of Idaho will be in evidence in the different exposition buildings and the Idaho building will be filled with its products. Idaho's \$100,000 exposition appropriation means a per capita tax of 27 cents on its 370,000 people."

Joseph H. Hutchinson, an ex-Lieutenant-governor of Idaho, was chairman of the day. Speakers were Major Reed, Frank R. Coffin, first treasurer of Idaho; R. B. Hale, exposition vice-president, and city and state representatives of California. Mrs. A. H. Boomer, wife of an Idaho pioneer, raised the Idaho flag.

Wooer is Shot, Then Arrested.

Kellogg.—Erie Tolen, a miner, was shot it is alleged, by Jeimar Johnson, who was escorting Miss Ida Johnson home from a dance, the shooting occurring in the front yard of the home of Walter C. Clark, where Miss Johnson has been employed. Johnson has not been arrested.

For two years, Miss Johnson says, she has lived in terror of Tolen, and numerous men who have escorted her have been threatened with death.

ANARCHY CAUSES GREAT UNREST

Woman Leads Band Which Seems Bent on Murder.

THREATS FREQUENTLY MADE

New York City Has Never Before Experienced Such Demonstrations. Leaders Are Pupils of Emma Goldman and Alexander Berkman, King and Queen of Anarchy in America.

New York.—Unrest among the so-called Industrial Workers of the World, anarchists and other kindred organizations has never before been pitched to such fever heat as now. Demonstrations protesting against various individuals and corporations are held daily. Dealing with the crowds is a great puzzle to the metropolitan police. Orators from the rank and file of the anarchists and I. W. W. are granted the con-

stitutional right of free speech. Threats of murder and of assassination are frequently made in speeches.

The anarchists have never had fuller sweep in their scope of murderous endeavor in any country or in any city than they are now being given in New York.

That Alexander Berkman and Emma Goldman, the king and queen of anarchy in this country, count on a woman to turn the trick of reprisal is plain. "Sweet Marie" Gantz, a follower of the anarchists, openly declared, with a multitude of vicious adjectives, that she would kill John D. Rockefeller, Jr., and went so far as to seek the young millionaire in his own office and attack him. She is the head of the flying squadron of anarchy known as the "Red Angels." The police consider her dangerous. She never ceases to talk.

Officers are anxious to use their heavy clubs. They know what it is to deal with anarchists. The youngest of them have heard of the Haymarket riots in Chicago. In March, 1908, in New York, the Haymarket reprisals came near being reproduced when Selig Silverstein threw a bomb into the police ranks. The bomb was poorly made, and it exploded in his own hand, killing him and wounding the people about him. He had a card in his pocket, a card with the signature of Alexander Berkman, vouching for him as an anarchist.

The cops are not at all in sympathy with the policy of watchful waiting. Moreover, they are puzzled by this new turn of anarchistic strategy—the employment of women in the game of murder.

Marie Gantz is only a private in the ranks, but she hopes to become a corporal soon. If she succeeds she will outrank Emma Goldman herself. That is her ambition, and her life's story verifies the statement. Marie studied anarchy under Emma Goldman. She was the most eager of the students of the red queen. She is young, a bit inclined to fat, lazy physically and somewhat trowsy, for the ladies of Emma's school do not take much time about their toilet. She is twenty-three years of age and was born in Austria, the most aristocratic country in the world perhaps. She says that she is a saleswoman, and she has sold goods, beginning with sausages to delicatessen dealers and ending with the selling of Mother Earth and other magazines that fly in the face of established law and order.

"Sweet Marie" is an ironic alias. The cops gave her the name because of her foul tongue. She uses profanity as an expert. No longshoreman could give Marie points in anatomy. Curses ripple from her lips.

The cause of this unprecedented upheaval is attributed to the tragedies resulting from the mine strike in Colorado, when thirty lives were lost in battles between strikers and guards.

Protests are being made against John D. Rockefeller, Jr.'s assertion that the mine owners would not recognize the unions. The young man has been hounded since he appeared before a congressional investigating committee and made statements to which the anarchists objected.

One of the features of the demonstrations was the daily appearance of "mourners" in front of his offices, each wearing a crape band around his or her arm "in memory of the brave miners who died in the coalfields while standing up for their rights," they said.

POET PLANS ST. LOUIS FETE.

Percy Mackaye to Have Airship as Part of Big Civic Spectacle.

New York.—Percy Mackaye, poet and playwright, has been in consultation here with aviation experts as to the selection of an aeroplane and pilot to take part in the great civic spectacle, part of which he is preparing for St. Louis in connection with the celebration this summer of the one hundred and fiftieth anniversary of the settlement of white men on the site of that city.

Mr. Mackaye's part in the celebration is the staging of his work, "The Masque of St. Louis." The spirit of the mound builders, who is made happy by the appearance of a child of a new race restoring civilization; spirits representing the Mississippi river and the nations of Europe, pioneers led by the youthful St. Louis and earth spirits led by Gold, who is conquered by Love and Imagination, are characters to be seen in the spectacle.

The aeroplane is to represent a giant eagle, the emblem of Union, which flies across the scene at the close of the spectacle. It is likely that a biplane will be chosen for this purpose.

FLIES CAUSED EPIDEMIC.

London Government Board Objects to Offending Dust Heap.

London.—An outbreak of enteritis occurred last summer among the children in the Southwark infirmary, and nine died. The epidemic was definitely traced to the presence near the infirmary of the Cumberwell borough council's dump for dust and rubbish, which is now taken to a railway siding at East Dulwich railway station, close to the infirmary.

The local government board has again called upon the Cumberwell borough council to make other arrangements for the removal of its dust and rubbish.

Dr. Bruce, the medical superintendent, declared that the cause of the outbreak was to be found in the dust siding. During hot weather, he said, the institution swarmed with flies, and the children's wards were unbearable.

Dr. Fletcher, a local government board inspector, supported Dr. Bruce, but the borough council for the second time declined to take action and merely acknowledged the board's letter.

UNWORKED INDIAN MOUNDS ARE FOUND

Six Groups With No Previous Record Located in Wisconsin.

Madison, Wis.—Rich Indian finds have been made recently in three counties of northern Wisconsin.

The Wisconsin Archaeological society is publishing an account of the explorations conducted by two of its members, J. P. Schumacher of Green Bay and W. A. Titus of Fond du Lac, in Portage, Marathon and Lincoln counties recently.

A study was made by these men, both of whom are experienced investigators, of the aboriginal remains still existing about Wausau, Merrill, Tomahawk, Heaford and other places along the upper Wisconsin river.

Near Bradley and Heaford surveys were made of six distinct groups of Indian earthworks of which there had been no previous state record. The largest of these consisted of thirty-three conical and oval mounds. An emblematic mound in one of the groups is the only one of its class as yet located in northern Wisconsin.

It is more than sixty miles north of the northernmost limit of the effigy mound territory. At this place there also exists a fine plot of old Indian garden beds.

In Portage county the work of the investigators was chiefly confined to the regions about Lakes Emily and Onondaga, near each of which important discoveries were made.

GROUPS FOR DIVORCE.

Husband Set Ablaze When Lamp, Hurled at Him, Explodes.

Atlantic City, N. J.—"This makes good evidence upon which I can get a divorce," was the reply of John Hamilton to the police, when they demanded that he sign a complaint against his wife and meet with a flat refusal.

The wife, it is alleged, in a rage hurled a lighted lamp at his head, which struck the wall, exploded, fired his clothing and set the furniture and carpets in his home aflame. Firemen found him unconscious on the floor after they had used chemical fluid to conquer the blaze. He was sent to the hospital, where his burns were dressed. His injuries are not serious.

GROCERS ALSO POLICEMEN.

Three Hundred Kansas City Tradesmen Now Prepared For Swindlers.

Kansas City.—Hereafter if the Kansas City, Kan., housewife needs a policeman in a hurry and cannot find one she may call on the corner grocer to protect the family plate. This was made possible when special police commissions were given to 300 grocers.

The grocers want the commissions mainly to arrest check forgers, money order raisers, short change men and others who victimize them, but they will also serve as neighborhood protectors.

Fugston's Hospitality, Badger's Offer of Passage, Politely Declined.

Vera Cruz.—President Huerta's three peace commissioners, Emilio Rabasa, Augustin Rodriguez and Luis Eiguero, left here on their way to Niagara Falls, Canada, where the conference between the mediators and the representatives of the United States and Mexico will be held.

The commissioners politely declined the offers of hospitality made by Brigadier-General Funston, as well as Rear-Admiral Badger's offer to give them passage on the Morro Castle, and boarded the Kronprinzessin Cecilia for the United States by way of Havana.
